

MEC is on the right track . . .

KZN MEC for Education Senzo Mchunu shows kids how to keep fit.

By ANIL SINGH

KZN Education MEC Senzo Mchunu is someone who believes in leading from the front.

Everyone knows that exercise is vital for a healthy lifestyle and it's very important that children know this.

But Mchunu surprised everyone when he took off his coat and sprinted around the school grounds to show them how it should be done!

He was launching a partnership between the RedCap Foundation, Mondi South Africa and KZN Department of Education to deliver the Young Heroes Physical Education programme to five primary schools in Richmond.

The schools were Illovo Nek Primary, Lynnwood Primary, Byrne Primary, St Bernard's Primary and Ridgley Primary.
